

Tutoring

SUBJECTS TUTORED

The subjects offered for one-on-one tutoring are:

- Middle school physical science,
- Chemistry
- AP and undergraduate chemistry
- Elementary and middle school math

Tutoring is \$50 per 55 minute session.

FORMAT

Each tutoring session with Dr. K will be through Zoom. Zoom is a virtual meeting platform with great tools for tutoring. The whiteboard function allows for Dr. K to “write” on the whiteboard and draw visuals. Students are also able to collaborate and draw alongside her.

Dr. K will begin each session with a short discussion on the topics the student wants to review. They will then begin working through practice problems and topic review. Any questions will be answered throughout the session. If any additional questions pop up throughout the week, Dr. K is available through e-mail for her tutor students.

ABOUT THE TUTORS

Dr. K received her PhD in Chemistry in 2020. She has degrees in Biology and Chemistry. Throughout her time in college, she tutored hundreds of students in math, chemistry and biology. Upon graduation she also taught at the undergraduate level, teaching Organic Chemistry for health majors.

48 hours notice is required for cancellation.
